## MEMBERSHIP INFORMATION 2011-2012

## Did you know...?

Nearly a third of the Regent's operating budget comes from fundraising including membership.

The Regent is an independent community theatre, managed almost exclusively by volunteers.

This important heritage building which opened in 1918 has been the centre for performing arts in the County for nearly a century.

Newly renovated, the theatre can seat 450.

The theatre offers an extraordinary variety of entertainment: first-run movies, children's matinees, satellite performances of opera, ballet, theatre and a wide range of music, comedy and other live entertainment.
